

## How to measure your child

Chest - Measure through the arms and round the fullest part of the chest.

Waist - Measure around the natural waistline, taking care not to pull it too tightly.

Inside leg - Measure with shoes on from the crotch to the desired length.

Skirt length – Measure from the natural waistline to the knee.

Collar - Measure around the base of the neck where the collar usually sits, taking care not to pull the tape too tightly as it is important to have a little extra room around the neck.
